

THE WHITE HOUSE
WASHINGTON

Dear Coalition Members,

Thank you for your letter and your continued commitment to making the Equal Rights Amendment (ERA) part of the U.S. Constitution. The President has fought for the ERA and for women's rights throughout his career. He believes that no one should be discriminated against based on their sex, and it is long past time that this be enshrined in our Constitution to make clear the fundamental truth that all Americans should have equal rights and protections under the law.

President Biden will continue to call on Congress to act immediately to recognize ratification of the ERA. As the Office of Legal Counsel in the Department of Justice has made clear, there is nothing standing in the way of congressional action.

Thank you for your continued advocacy, and we look forward to continuing to work together to advance gender equity and equality across this country and around the world.

Sincerely,

Jennifer Klein

Assistant to the President & Director of the White House Gender Policy Council
